

TO CLEAN THE WORLD'S GREATEST CONVENTION HERE TO AID

Laymen of El Paso Join in a General American Movement to Extend Missionary Work—Luncheon Friday to Start Work Locally—Bishop From China and Other Noted Men to Address Convention.

ONE thousand El Paso laymen, interested in the nation-wide campaign to "reclaim the world for Christ" will gather in convention in this city March 1-3 to listen to some of the most noted missionaries in the world on the subject of mission work and its needs.

The first public meeting for launching the plans will be held Friday at noon at Hotel Sheldon, when a committee of 100 El Pasoans will meet at luncheon with the Protestant ministers of the city and talk over the preliminaries. This missionary movement is a general one that is nation-wide and non-denominational in character. Prominent speakers are being sent throughout the country to attend the various conventions and some of the most noted men connected with the world's missionary movement—at home and abroad—will attend and address the gathering in El Paso.

The first of the conventions in the recent effort to awaken the interest of laymen generally in missionary work, was held in Chicago, October 14-17. The date for the El Paso convention was set for Friday, March 1.

The following are the sub-committees appointed by the general committee:

Arrangements—I. G. Ayers, chairman; E. C. Kuckmeyer and G. A. Graham.

Finance—E. A. Shelton, chairman; J. H. Henderson and H. E. Christie.

Publicity—G. A. Martin, chairman; V. R. Stiles, W. J. Buie and Edmund Bohrer.

The registration committee is headed by David McKnight and the following others, representing the different churches of the city, are members: each of these will serve as chairman for and appoint other members from their own churches to assist them in planning: H. L. Red, J. D. McMurry, W. L. Foxworth, E. L. W. Polk, P. B. Esch, J. H. Myers, L. W. McIntosh, Mark Griffith, A. R. Millican, A. H. Anderson, J. J. Finney, L. N. Winans, W. A. Price.

Prayer and Statistics. The committee on prayer is headed by G. P. Putnam, with the following laymen as members, each representing an individual church organization: R. R. Jones, L. Funk, George Freeman, J. C. Ballard, Dr. R. B. Hooper, G. W. Ward, J. C. Worthington, L. Blackley, S. S. Cash, P. H. Sander, A. G. Foster, Leonard West, T. P. Smith.

The committee on statistics is headed by P. W. Berkshire and others on this committee, representing the various churches of the city, are as follows: J. A. Morris, George Rogers, Dr. D. W. Wetzel, Bradford Hardie, Dr. P. E. Johnson, E. E. Nold, A. S. Howard, Warren Small, L. A. Shedd, A. R. Adams, E. P. Gromberg, A. J. Rose, W. H. Lark.

Members of the latter two committees will also serve as chairmen and name others from their respective churches to assist in the work.

All Churches Interested. The laymen's missionary movement is supported by private subscription and its object is to enlist the churches of the country to a greater extent in the work of reclaiming the peoples of heathen countries to Christianity.

To this end, the movement has been embraced by Protestant churches of all denominations. The speakers are all men of experience in the foreign missionary field and their entire effort is devoted to arousing interest in missionary work.

The committee has received the following regarding the men who are to make up the four days' program in El Paso:

"Who's Who" in the Work. Ernest W. Naffziger—"Leader of songs and solos. Twice around the world with Chapman and Alexander. The world's greatest singer of gospel songs."

TUCSON SECTION IS PROSPEROUS

Banker Here for Convention; Range Good; Copper High and Times Good.

Tucson is officially represented at the American National Livestock association convention by Reuben H. R. Cook, active vice president of the Consolidated National bank of Tucson.

Mr. Cook arrived Wednesday to meet the convention and get in touch with livestock conditions throughout the country. Before being elected vice president of the Consolidated National bank, he was national bank examiner for Arizona. He was also state bank examiner for Texas and is one of the best known bankers in the southwest.

Conditions are fine in Tucson and the Tucson southwest. Mr. Cook said Wednesday evening. The range has been good and prices have been high. Copper and other minerals are up and this is having a direct effect upon our business in Tucson. The opening of the Ajo branch will bring in a rich mineral district directly tributary to Tucson and means another spoke in our wheel of prosperity.

PAROLED NIGHT RIDERS
Must Go To Church
New Madrid, Mo., Jan. 27.—Under the terms of parole imposed by Judge Sterling McCarty, 13 convicted night riders must go to church or Sunday school services every week and must have their good behavior vouched for by responsible persons. They had pleaded guilty to charges of assault to kill.

This ended the trials of the 67 defendants arrested in connection with numerous depredations committed in this region during the past year or more, by members of a secret organization, which is said to have had for its object the lowering of prices by merchants and the betterment of conditions of tenants and farm laborers.

Of these 67 either were found guilty by the jury or pleaded guilty in open court. One was acquitted and cases against six were dismissed.

You Can Tell The People Who Have Iron in Their Blood

—Strong, Healthy, Vigorous Folks

Doctor Says Ordinary Nourished Iron Will Make Nervous Run-down People 200 Percent Stronger in Two Weeks' Time in Many Cases.

New York, N. Y.—"One glance is enough to tell which people have iron in their blood. Next take the live-grain tablets of ordinary nourished iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. There is nothing like good old iron to put color in your cheeks and sound, healthy, flesh on your bones. But you must take iron in a form that can be easily absorbed and assimilated like Serravallo's Iron if you want it to do you any good, otherwise it may prove worse than useless."

NOTE—Nourished Iron recommended above by Dr. Serravallo is one of the newer organic iron compounds. Unlike the older organic iron products, it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach; on the contrary, it is a most potent remedy, in hearty all forms of indigestion, as well as for nervous run-down conditions. The manufacturers have such great confidence in Serravallo's Iron that they offer to forfeit \$100,000 to any charitable institution if they cannot take any man or woman under 40 who lacks iron and increase their strength 200 per cent or over in four weeks' time provided they have no serious organic trouble. Their aim is to find your strength and endurance in ten days' time. It is dispersed in water by Serravallo's Iron and all other druggists—Advertisement.
